## **3.10 Conditions of Participation in the ESL UK Premiership**

The following conditions must be met in order to participate in the ESL UK Premiership.

### **3.10.1 Age Restriction**

All participants of the ESL UK Premiership have to be over 16 years of age before their required arrival at the first offline part of the competition. If in doubt, an admin has to be contacted to confirm eligibility. Turtle Entertainment UK has the right to request Photo ID to prove eligibility.

### **3.10.2 Regional Limitations for Participants**

Teams must field a majority roster from the regions specified in section 1.6. In the case of League of Legends and Counter-Strike: Global Offensive, teams must always have three players participating within each match from the regions specified in section 1.6.

### **3.10.3 Home Country/Region**

A team player's home country is the country where their main place of residence is. For a team, this is determined by the majority of the used lineups. If there is no such majority, a team may have no home country or even no home region. In that case, the team cannot take part in qualifiers restricted to a country or region.

### **3.10.4 Residence/Nationality and Number of Players in a Team**

The team roster can hold a maximum of five players, plus two backup players and any managerial staff as outlined in 1.2. A minimum of three players from the regions specified in section 1.6. must be present.

### **3.10.5 Country/Region of Qualifiers**

Qualifiers for the ESL UK Premiership, including invitations, are restricted to the United Kingdom and the Republic of Ireland.

### **3.10.6 Home Country/Region on Team Matches**

The majority of the lineup present in a team must have come from a home region specified in 1.6 (England, Wales, Scotland, Northern Ireland and the Republic of Ireland). If there are any players from the regions outside of the roster limitations in 3.10.4 then the additional players will be considered as disallowed players and will be removed from the roster.

### **3.10.7 ESL National Championship Limitations**

A player cannot participate in more than one ESL operated National Championship per season. This includes but is not limited to ESL Meisterschaft, ESL Mistrzostwa Polski, ESL Championnat National, ESL Nordic Nationals and the ESL South East Europe Championship.

If in doubt about eligibility, please contact a member of staff from section 2.

## **3.11 Player Accounts**

### **3.11.1 Standards**

Each participating member must have his personal details entered in his play.eslgaming.com website profile, this includes:

- Real name (must be public)
- Photo
- Place of Residence
- Country
- Birth Date
- Game account information (see 3.11.5)

An individual player may only hold one ESL account; breach of this rule is punishable according to the standard ESL multi-account rule-set.

### **3.11.2 Nicknames**

A change in nickname during a ESL UK Premiership season must first be notified to the administration for approval before the change can be undertaken. No sponsor tags are allowed in the nickname under any circumstances and the general ESL rules for the choice of nicknames apply. Nicknames cannot be offensive, and should in no way reflect negatively on the ESL UK Premiership brand.

### **3.11.4 Photo**

The member photo must be a current photo from within the last two years, the member can not have been cut and pasted into the picture, must be clearly recognizable, and it must contain only the member in question.

### **3.11.5 Game Accounts**

Every playing member must have their game accounts entered in their ESL member profile. For League of Legends this would include the players "LoL Summoner name EUW", for Counter-Strike: Global Offensive this would include the player's "SteamID CS:GO".

#### **3.11.5.1 Playing With Wrong Game Accounts**

No player is allowed to play with a different game account than the one given in their ESL profile. An incorrect gameaccount may lead to a barrage for the player or a rematch being given. If there is not sufficient evidence that a player in question indeed played the match or if an admin of the ESL UK Premiership explicitly allowed it before the match or series began, a protest for a barrage will not be admitted. Penalties may still be given in either case.

## **3.12 Team Accounts**

### **3.12.1 Standards**

The ESL UK Premiership team account must be an ESL team account only used for the ESL UK Premiership and no other tournament. This team account should have no history before entering the ESL UK Premiership for the first time. If a team is taking part in the ESL UK Premiership for the second time, the team account that was used the first time has to be used again. An ESL UK Premiership account must have a relevant team logo entered, and a singular team captain assigned. The team name should be written according to rule 3.12.2. Not all team positions are allowed (compare 1.3).

### **3.12.2 Team Names**

The ESL UK Premiership team name may not have any extensions such as "CS team". The ESL UK Premiership team name may hold one sponsor name providing it does not conflict with any ESL UK Premiership partners, but no product description is allowed. Team names cannot be offensive, and should in no way reflect negatively on the ESL UK Premiership brand.

### **3.12.3 Changes on the Team Accounts**

Any changes in the team account should be approved by the ESL UK Premiership administration before the changes are allowed to take place by submitting an ESL support ticket. This includes but is not limited to:

- Adding or removing players
- Changing the team name

## **3.13 Licenses in the ESL UK Premiership**

### **3.13.1 Definition**

Before each tournament, ESL awards the ESL UK Premiership license to the participating teams, or individuals. In most cases, these are participants that have qualified through ESL UK Premiership qualifiers, or offered a direct invite into the competition.

### **3.13.2 Duration**

ESL UK Premiership licenses are valid for one ESL UK Premiership event, only.

### **3.13.3 Team License**

If a team qualifies to the ESL UK Premiership, the licence will be awarded to the legal entity that the team represents (including but not limited to the registered association or organisation, Ltd company). If the team does not represent a legal entity, or the existing entity has not been reported to the ESL UK Premiership administration, a restricted license may be awarded to the actual team, where the team leader or organiser will be designated as the contact person for this team. This person will be responsible for keeping the team in order, and maintaining the ESL UK Premiership team account. The restricted license belongs to the team leader, but a majority roster must be maintained across each stage of the competition. If the team leader leaves the team, then it is down to ESL to decide whether the team can continue within the competition.

The license holder or representative is responsible for all actions, and commitments of the team. Any changes in the team license must be reported to and accepted by the ESL UK Premiership administration before it can be followed through. Failure to report any changes in the license, or omitting any needed information about the team may be punished with penalty points or other sanctions. The License holder is the entity that decides about the recipient of the prize money won under its license.

### **3.13.4 Changing the Team License Holder**

A license-holder can request a transfer of the ESL UK Premiership license to another entity during a season, if there is an adequate reason for doing so. It is at the ESL UK Premiership administrator's discretion whether or not the reason is deemed adequate.

Once the change of license holder has been made, the majority roster from the original team license must be maintained for the remainder of the current stage. At least one team member from the previous license must be maintained until the end of the season. This restriction is meant as a protection of the players joining a new team/organization and to prevent teams/organisations getting a license for their own, not qualified team.

### **3.13.6 Withdrawal of License**

The ESL has the right to withdraw an ESL UK Premiership license from any participant(s), if the ESL UK Premiership feels that the participant(s) in question have not behaved within the guidelines set out by the ESL UK Premiership, and its governing organization.

## **3.14 Player Changes**

### **3.14.1 Adding a New Player during the ESL UK Premiership**

After the player edition deadline (see 3.14.2) every new member in the account is counted as a new player. The maximum amount of new players any team can add during a season of the ESL UK Premiership is four. Any player can only switch to another ESL UK Premiership participant once per season, meaning that over the span of a season no player can play for more than two different teams in the ESL UK Premiership.

Before a player can be officially added to the roster, a support ticket to the administrators of ESL UK Premiership must be submitted. This ticket should contain:

- Nickname
- Game Account
- Link to the player's ESL profile
- Full name
- Previous team history since the beginning of this ESL UK Premiership season

A player change needs to be requested 48 hours before a matches start time, failure to adhere to this rule will result in the player being ineligible for participation.

After a player is added to the team, the team management also needs to update and resubmit the ESL UK Premiership Team Sheet that holds all the vital information about the players. The old ESL UK Premiership Team Sheet will be deemed invalid, when any member changes have been made. If a team for any reason does not have the sufficient number of players to participate in an ESL UK Premiership match, the team will receive a default loss and three (3) minor penalty points.

### **3.14.2 Player Addition Deadline**

The Player Addition Deadline is set per event. A player can at the latest be added without penalty 48 hours before the very first match of the event for his team. After that, any new players will be counted towards the new player contingent.

### **3.14.3 Multiple Contracts**

For a player in the ESL UK Premiership to have a contract or agreement with 2 or more ESL UK Premiership teams is strictly forbidden, may it be written or oral. If such a contract or agreement is found to be in existence, the ESL reserves the right to bar the player from playing any more matches until the situation has been resolved. If the situation can not be resolved, the ESL UK Premiership has the right to remove the player or team(s) in question.

### **3.14.4 Lineup Restriction between Group Stages and Playoffs**

Each team has to maintain the majority roster from the Group Stages to the Playoffs.

## **3.15 Prize Money**

All prize money should ideally be paid out 45 days after the conclusion of the ESL UK Premiership season, but it may take as long as 90 days for the payment to be completed.

The licence holder will claim their prize funds via web form that will be emailed to the winning teams.

### 3.15.1 Prize Deductions Due to Penalty Points

Every penalty point that a participant acquires during an event or its qualifiers is penalized with a prize money deduction. The deductions are as follows:

- For every minor penalty point a 1% overall prize money deduction will occur.
- For every major penalty point a 10% overall prize money deduction will occur.

The deduction is calculated out of the grand total of prize money awarded to the participant at the end of the offline event in question, including both online and offline won prizes, but excluding any expenses that are to be provided by ESL UK. It should be noted that a team that received extremely high prize money deduction in total over several of the tournament stages, may be disqualified.

### 3.15.2 Withdrawal of Prize Money

As long as the prize money for the ESL UK Premiership has not been paid out, ESL reserves the right to cancel any pending payment if any evidence of fraud or foul play have been discovered.

### 3.15.3 Transfer of Prize Money

The prize money will be sent via bank transfer as specified by the License holder. Failure to provide sufficient information for the payments to be complete will result in payments not being made. If a participant has not collected or redeemed their winnings within three months of the conclusion of a season, then the winnings are forfeited.

### 3.15.4 Prize Money Distribution (Group Stages)

Teams win £179 per series victory in the ESL UK Premiership Group Stages. There are 28 group stage matches in the ESL UK Premiership.

Per Win	Prize Money
Series Win	£179

### 3.15.5 Prize Money Distribution (Playoffs)

Placement	Prize Money
1st Place	£2,750
2nd Place	£1,375
3rd Place	£875
4th Place	£500

## **3.16 Penalties and consequences for leaving the ESL UK Premiership**

### **3.16.1 Leaving During the ESL UK Premiership Season**

If a participant leaves the ESL UK Premiership during an ongoing event the participant forfeits all prize money from the season.

If the participant cancels their attendance after the Group Stages, then the team or legal entity will receive one (1) major penalty point during the next season of their participation. Higher penalties, bars, suspensions or similar sanctions may also come into effect, especially on very late cancellations, according to what the tournament administration sees fit.

### **3.16.2 Deletion of Matches**

All matches involving teams or solo players that have left a stage of the ESL UK Premiership before it ended will be reset and deleted. In playoff brackets, the most recent or the next upcoming match (depending on the situation) of the participant will be considered a default win for his opponent.

## **3.17 Match Start**

### **3.17.1 Punctuality**

All matches in the ESL UK Premiership should start as stated on the website, any changes in the time must be accepted by the opposing party and administrators, even if rescheduling is generally possible. All participants in a match should be on the server and ready to go at the latest ten (10) minutes before the match is to start. Failure to be in the server or match lobby by this point will be seen and treated as a match delay (please see 3.17.2).

### **3.17.2 Delaying the Match**

One (1) minor penalty point will be awarded if a participant is not ready to play at the latest ten minutes before the announced starting times. This penalty gets increased by one additional minor every ten minutes until 20 minutes after the scheduled start of the match. At that point, the match defaulted and a no-show (see 3.17.3) will be awarded. If the match is broadcast by ESL TV or in any other way a live match, two (2) additional minor penalty points will be awarded for any delay.

### **3.17.3 Participants Not Showing**

If a participant is not ready to play until 20 minutes after the scheduled start of the match, he is considered a no show. In that case, the opponent will receive a default win from the administration.

## **3.18 Match Procedures**

### **3.18.1 Lineup**

For team games, the lineup must be added before match start. Violations can be punished with one (1) minor penalty point each.

### **3.18.2 Determining the higher seed**

Coin tosses are the last resort, so whenever a clear seeding is given, they will be avoided and one participant will be given the higher seed. The higher seed can determine who starts in the champion ban/pick process of the first map or the map veto/pick process. In online cups and qualifiers, the cup seeding (see round one of the upper bracket) determines who has the higher seed.

For group stage matches, teams are required to toss a coin to determine the higher seed via the website <http://cointoss.benhorrigan.com/>. The team on the left side of the match page creates and shares the match link, the team on the right hand side of the match page flips the coin. If the website is not available, a tournament referee will flip a coin instead.

In offline playoffs, whenever one participant has his first match (round one, or round two after a bye in round one), the participant that had the higher group ranking is considered the higher seed. In the offline playoff rounds coin tosses will be utilized. If a case is not covered here or is still unclear for any reasons, contact a member of the ESL UK Premiership administration team.

### **3.18.3 Match Result**

The result must be immediately added and confirmed by both parties, even if more match records are missing and in need of uploads. A protest may still be made even after a match result has been confirmed and accepted on the ESL UK Premiership site. Please refer to the game specific rules for what match records and media that needs to be uploaded.

### **3.18.4 Storage and keeping of Match Media**

All match media (screenshots / demos / replays / etc.) must be stored by the participants for a minimum of two (2) weeks after the match has ended. If there is a protest on the match, the records needs to be stored by the participants for a minimum of two (2) weeks after the protest has been closed and resolved.

## **3.19 Match Protests**

### **3.19.1 Definition**

A protest is for problems that affect the match outcome; a protest may even be filed during a match for things like incorrect server settings and other related issues. A protest is the official communication platform/protocol between the parties and a game admin.

### **3.19.2 Match Protest Rules**

#### 3.19.2.1 Deadline for Match Protests

The latest time that participants are allowed to issue a match protest is the earliest of the three following:

- 72 hours after the scheduled starting time of the match
- The beginning of the next match for either of the two participants
- Only at offline events: The end of the event day (departure of the administration team)

### 3.19.2.2 Contents of a Match Protest

The protest must contain detailed info about why the protest was filed, how the discrepancy came to be and when the discrepancy occurred. A protest may be declined if proper documentation is not presented. A simple “they are cheaters” will not do.

### 3.19.2.3 Persons in a Match Protest

In team matches, only one representative per team is supposed to be writing in the protest, violations can be punished with one (1) minor penalty point.

### 3.19.2.4 Behaviour in Match Protests

Insults and flaming are strictly prohibited in a protest, and may result in penalty points or the protest being ruled against the insulting party.

## **3.20 Results in Rematch**

If the rules stipulate that a rematch is to be played, the victim of the incident is to decide whether or not this rematch is actually to be played. If the victim of the offence decides that a rematch is to be played, then the old result is null and void, and only the new result will count in the rankings.

## **3.21 Interviews**

For every online match, that is to be broadcast on the ESL network, one player from each team must be available for an interview via skype. Solo players must always be available for pre and post match interviews.

For offline events, all players must be available for media including but not limited to photographs, video interviews and filming for motion graphics.

### **5.2 Punctuality**

Unless stated otherwise, we expect every player to be at the event 90 minutes before his match to set up, prepare and solve any technical problems that might occur. Participants have to bring any additional equipment required to compete, including but not limited to keyboards, mice, headsets and mouse mats. Please note that our systems do not support PS2 connections, and PS2 to USB adapters will not be provided by the event organizers. The ESL UK Premiership administrators reserve the right to provide headphones for event participants.

### **5.4 Clothing**

The players and teams need to ensure that they are all in equal coloured team attire, failure for a player or a team to bring such attire, will result in ESL providing suitable clothing for the

participants. The cost of this clothing will then be subtracted from the prize money paid out to the participants.

### **5.5 Gaming Areas**

If nothing else has been announced, it is forbidden to bring or eat any food in the gaming areas, with the exception of bottled water. Smoking is also strictly prohibited. All mobile telephones should be switched off. Exaggerated loud noises and offensive language is forbidden, and may be punished with penalty points.

### **5.9 Removable Media**

It is strictly forbidden to connect or use any removable media on the tournament computers without prior examination and approval from the tournament administrators.

### **5.10 Warm-up Period**

A warm-up period of 30 minutes is normally provided before an ESL Live match, although this period may not be guaranteed.

### **5.11 Demos and Replays**

All demos or replays must be immediately uploaded to a networked server or to a USB stick provided by the ESL UK Premiership administration.

### **5.12 Demo and Replay Rights**

The ESL reserves the right to play, and/or upload to the ESL site, all demos that are recorded in an ESL arrangement.

### **5.13 Photo and Other Media Rights**

By participating, all players and other team members grant the ESL the right to use any photographic, audio or video material on their website or for any other promotional purpose. Additionally, each player may have to sign two copies of a release form that he will receive beforehand for reading and have to sign before he starts his first match.

The most important and most common offenses are listed below. However, the administration may assign penalties for not explicitly listed types of unsportsmanlike behavior (e.g. harassment).

#### **6.2.1 Insults**

All insults occurring in connection with the ESL UK Premiership will be punished. This primarily applies to insults during a match but also on the ESL website (forums, match comments, player guestbooks, support and protest tickets, etc.). Insults on IRC, IM programs, email or other means of communication will be punished if they can be linked to the ESL UK Premiership and the evidence is clear.

Particularly severe abuse cases with radical statements or the threat of physical violence can result in significantly heavier penalties including the exclusion or to the deletion of the player.

Depending on the nature and severity of the insult the penalty will be assigned to the player or to the team in team leagues. In team competitions players may also be barred from playing for one or more match weeks.

#### **6.2.2 Spamming**

The excessive posting of senseless, harassing or offensive messages is regarded as spamming in the ESL UK Premiership. Spamming on the website (forums, match comments, player guestbooks, support and protest tickets, etc.) will be punished depending on the nature and severity.

#### **6.2.3 Spamming In-game**

Three (3) minor penalty points will be awarded if the chat function in-game is abused towards the goal of annoying the opponent, or generally stir the flow of the play. The 'all chat' functions are there to communicate efficiently with the opponent and the match admins. Where the team captain is present, only he/she is to communicate via in-game chat.

### **6.3 Unsportsmanlike Behavior**

For an orderly and pleasant game it is essential that all players have a sportive and fair attitude. Breaches of this rule will be punished with one (1) to six (6) minor penalties. The most important and most common offences are listed below. However, the administration may assign penalties for not explicitly listed types of unsportsmanlike behavior (e.g. harassment).

### **6.3.1 Misconduct**

The attempt to mislead admins or other players, using false information, or in any other way deceive other participants will be punished as follows.

### **6.3.2 Faking Match results**

The use of the following programs will result in a cheat ban: Multi-hacks, Wallhack, Aimbot, Coloured Models, No Recoil, No-Flash and Sound changes. These are only examples, other programs or methods may be considered cheats as well.

## **7. Game Specific Rules - League of Legends**

### **7.1 Before the match**

All games have to be played with the most up to date version of "League of Legends" by Riot Games. At offline events, a special tournament server and client may be provided, in which case the used patch will be announced beforehand.

### 7.1.1 Communications Software

All participants have to use TeamSpeak 3 during the entire time of the tournament, exceptions can be made by a tournament admin. Skype is strictly forbidden. Additional to that, the participants have to use the server provided by the admin team and use the reserved channel for their team. Channels are password protected and limited to five (5) people.

It is not allowed that more than five (5) people are in a channel during an official match, external people who are not playing the tournament are strictly forbidden on the whole server.

Team captains are required to join the [ingame tournament chatroom](#) 'ESLUK'. Any proxy picks made during the draft stage or issues during the match should immediately be raised in this chatroom. Failure to do so can result in penalties.

### 7.1.2 Game Settings

Teams are required to use [tournament codes](#) for all matches, which can be found on all match pages on the ESL website. All tournament codes in the ESL Premiership will be configured to the map "Summoner's Rift" and the game mode "Tournament Mode".

Any broadcasted matches require players to be in the role order (from top to bottom) of Top, Jungle, Mid, ADC, Support. The use of placeholders(see 7.1.3.1) are permitted in the ESL Premiership,

### 7.1.3 Ban/Pick

The team that has the better seeding (see 3.18.2) can choose who starts with the first ban. The team that has the first ban also has the first pick and starts on the left side of the map (left side of the custom game when creating the match). In a Best-of-Three match, the other team will start on the second map. If a third map is required, the team with the better time-coefficient from the first two maps (see rule 8.4.1) decides who starts. If a team lets the timer run out during the pick/ban process, no champion will be banned or a random champion will be picked.

Should there be an interruption to the draft all bans and picks up to the most recent ban or locked in champion must be selected by both teams when the draft is remade.

#### 7.1.3.1 Ban Mode

Ban mode is A – B – A – B – A – B (30 seconds per ban)

#### 7.1.3.2 Pick Mode

Pick mode is A – B – B – A – A – B – B – A – A – B (90 seconds per pick or double pick)

#### 7.1.3.3 Match sanctioning by the administration

It is not allowed to start and play any matches without an ESL UK Premiership admin present in the game, unless it is specifically permitted otherwise by the tournament administration. Ignoring this can result in penalties for both teams.

#### 7.1.3.4 Placeholders

The use of placeholders are permitted in the ESL Premiership, however the team choosing placeholders must notify both the tournament administration and the opponent team through the ingame tournament chatroom. Failure to do so can result in a penalty for the offending team.

If one or more placement holder has been declared the draft will continue as normal until all players have locked in a champion. Once the final players have locked in champions the draft must then be remade and players must select the same bans, champions and include the champion(s) declared for the proxy pick(s) in the original draft.

#### 7.1.4 Adjusting Runes and Masteries

Players may create and adjust rune pages as they like between games. As soon as a tournament draft is started it is forbidden to edit your rune page. Adjusting masteries is still allowed. Player's may not exit out of tournament draft mode after/during bans & picks to make runes or other changes. One (1) minor penalty point will be awarded as penalty for dropping out without a valid reason, e.g. it wasn't possible to trade a champion after bans & picks.

#### 7.1.5 Banned Skins

The following skins are banned from all matches throughout the entirety of ESL Premiership:

- iBlitz
- Steel Legion Lux
- Underworld Twisted Fate
- Star Guardian Lux

If a banned skin is selected, the match should be restarted with the same picks and bans before a notable point of record (before vision on the opposing team has been established from either party, or before three (3) minutes has been reached on the in-game clock). If the a match fails to restart, three penalty points will be issued to the offending team.

#### 7.1.6 Champion Restrictions

Any champions that have been released (or has a complete rework) one (1) week before a scheduled match is banned from play.

### **7.2 During the match**

#### 7.2.1 Player disconnect

After the disconnect of a player the game will continue. He has to return as soon as possible back to the game and continue playing.

#### 7.2.2 Pause

##### 7.2.2.1 Syntax

Any player has the option of pausing (/pause) and unpausing (/unpause) the game via chat commands.

#### 7.2.2.2 Reasons for pause

Pause may be invoked by either a tournament admin or a player when there are technical issues that could put a team at a disadvantage. Tournament admins can order the pause of a match for any reason. During the offline playoffs tournament admins are allowed to execute a pause command on any player station. Players can pause the match at any time, but must signal a tournament admin immediately after the pause to identify the reason. If the situation clearly requires the game to be paused and any player is aware of it, he is supposed to invoke it as quickly as possible. Below are examples of accepted reasons for a player issued pause, but an acceptable reason is at the sole discretion of a tournament admin:

- After one or more players have disconnected from the game due to any form of network disconnect or computer crash. (e.g. "Player has disconnected" message appears on screen.)
- Hardware malfunctions (e.g. monitor, peripheral, etc)
- Physical disruption of the player (e.g. fan interference, table or chair breakage)

The game will not resume until clearance from an admin is issued and all players are notified and are ready at their stations. If a player pauses or unpauses the game without permission or reason deemed valid by tournament admins, it will be considered unfair play. Penalties will be applied by a member of the administration team.

#### 7.2.2.3 Pause Duration

In any case a pause should never take longer than ten minutes, but it may not be ended before the admins signals to.

#### 7.2.2.4 Unpausing

The game will not resume until all players are ready and team captains confirm in all chat that their teams are ready. If a player unpauses the game without notifying the opponent team it will be considered unfair play and penalties will be applied by the tournament official.

#### 7.2.3 Game Restart

A game can be restarted only at the discretion of a member of the administration team. Below are examples of acceptable reasons for a game restart, but an acceptable reason is at the sole discretion of the administration team.

- If a player notices that their rune, mastery, or GUI settings have not applied correctly between the game lobby and match, they can pause the game to adjust these settings. If the settings cannot be correctly adjusted, then the game must be restarted if the pause was initiated before Game of Record occurred (see 7.2.3.1).
- If an admin determines that technical difficulties will not allow for the game to resume as normal (including a team's ability to be in proper position for certain game events such as minion spawn).
- If the game experiences a critical bug at any point during the match that significantly alters game stats or gameplay mechanics.
- If an admin determines that there are environmental conditions that are not conducive to fairness (e.g. noise, weather, venue, player conditions).

#### 7.2.3.1 Game of Record

A game of record (“GoR”) refers to a game where all ten players have loaded and which has progressed to a point of meaningful interaction between opposing teams. Once a game attains GoR status, the period ends in which incidental restarts may be permitted and a game will be considered as “official” from that point onward. After the establishment of GoR, game restarts will be allowed only under limited conditions. Examples of conditions which establish GoR:

- Any attack or ability is landed on minions, jungle creeps, structures or enemy champions.
- Line-of-sight is established between players on opposing teams.
- Setting foot, establishing vision or targeting a skillshot ability in the opponent’s jungle by either team, which includes either leaving the river or entering brush connected to enemy jungle.
- Game timer reaches two minutes (2:00).

#### 7.2.4 Time limit

In case a match is becoming a stalemate the admins can call for a time limit. After this time limit is over the team that destroyed the most buildings (according to the score screen) wins.

##### 7.2.4.1 Completion of the match

The match as a whole has to be finished. It is not allowed to disrupt a match between maps without the permission of the tournament administration. If a player refuses to start the remaining map/maps he will be counted as not having showed up and receive the according penalties for a no-show.

### 7.3 After the Match

#### 7.3.1 Match media

Both teams have to see to it that at least one accurate screenshot of the ban/pick results and of the map results for every map is uploaded on the ESL website. The screenshot does not have to be uploaded if the map information has already been automatically uploaded by the ESL game integration.

### 7.4 LoL Ranking

If no other rule has been announced for any stage of the ESL UK Premiership, this is the rule to be used. Not the visible ranking on the ESL website but the active ranking rule from the ruleset valid for a match is binding. The ranking is primarily decided with regards to the number of points that a participant has amassed during that stage of a season. A participant will earn 3 points for winning a match and 0 points for losing a match. The below ranking priority will come into effect if 2 or more participants are on equal points. If at any point, the number of tied participants is reduced, or divided into several groups of tied participants, the still tied participants will in each case be compared again starting with the first point.

1. Points amassed between the tied participants ('Mini-League')
2. Map difference between the tied participants ('Mini-League')
3. Number of map wins between the tied participants ('Mini-League')
4. Higher time coefficient (see 7.4.1) between the tied participants

5. Overall map difference
6. Overall number of map wins
7. Higher overall time coefficient (see 7.4.1)

If after all 7 points the teams are indistinguishable, a decider match or matches have to be played, in an attempt to separate the participants in question. In special cases, the tournament direction can rule on a different way to determine the order in an unsolvable tie (i.e. coin toss).

#### 7.4.1 LoL Time Coefficient

The LoL time coefficient is calculated by adding the match times of all lost maps and subtracting the match times of all won maps of the match(es) in question. A bigger number is considered better (tight losses and easy wins get rewarded).

## **8. Game Specific Rules - Counter-Strike: Global Offensive**

### **8.1 Anti-Cheat**

- de\_train

#### 8.2.3 Map choice Qualifiers and Group Stages

##### 8.2.3.1 Best-of-One Matches

##### 8.2.3.2 Best-of-Three Matches

In case of Best-of-Three matches, both teams remove one map alternatively, after that each team will pick one map. The team with the lower seeding has to start to remove the first map. To decide the last map both teams once again remove one map alternatively, the last map will be used as third map if needed. A kniferound will be played to decide starting sides on all maps.

## 8.2.4 Map choice Main Event

### 8.2.4.1 Best-of-One Matches

In case of Best-of-One matches, both teams remove maps alternatively until three maps are left. ESL will then randomly pick one of the three remaining maps to be played. Better seed can decide who has to start the veto process. The team who started the veto can also pick the starting side on the map.

### 8.2.4.2 Best-of-Three Matches

In case of Best-of-Three matches, both teams remove one map alternatively, after that each team will pick one map. ESL will then randomly pick one of the three remaining maps to be played as third map. Better seed can decide who has to start the veto/pick process. A team can always pick the starting side on the map of the opponent, if needed a coin toss will decide who can pick the starting side on the third map.

## 8.2.5 Starting Side Qualifiers

A knife round will be played prior to the match start to determinate on which side a team has to start the match, the winner can pick his side.

## 8.2.6 Nickname Ingame

## 8.2.7 Number of Players

All matches have to be played with five players per team (5vs5), other constellations are not allowed. If a team fails to show up with enough players, the match will count as no-show and will be forfeited.

## 8.2.8 Dropping of Players

If a player drops before the first kill in the first round of a half, then the half will be restarted. If a player drops after the first kill have been made and has not returned when the round has ended, then the match will be paused at the start of the next round. If the player has not returned, or cannot be replaced within 10 minutes after the pause has started, then the team with the dropped player may forfeit the match at admins discretion.

## 8.2.9 Change of Players

Players can be changed at any time but the opposing team has to be informed in advance. If necessary the game can be paused (see rule Usage of Pause function). This change may not take more than 5 minutes. After the waiting time the match can also be continued without the full team and the player can join in the running game. Substitutes must be registered in the team with their CS:GO Steam ID.

## 8.2.10 Leaving the Server

All matches must be played to the end, failure to do so will be penalized. A match is considered complete when one team has reached 16 rounds on the final map.

## 8.2.11 Continuing a Disrupted Game

If a match is interrupted (e.g. server crash) within the first 3 rounds of play, then the match should be restarted, if the match is interrupted after the first three rounds of play then the

match should be continued where it left off, with these changes in the configuration - mp\_startmoney should be set to 5000 for the rest of the half. The rest of the rounds that have not been played should be played. However, if the match is being played on an official ESL server the admin can decide to continue the match by using the backup files provided by the game instead of using the above mentioned method.

#### 8.2.12 Overtime

In case of a draw after all 30 rounds have been played, an overtime will be played with mp\_maxrounds 6 and mp\_startmoney 10000. For the start of the overtime teams will stay on the side which they played the previous half on, during halftime sides will be swapped. Teams will continue to play the overtime until a winner has been found.

#### 8.2.13 Usage of pause function

If a player has a problem that prevents him from playing on, he is allowed to use the pause function. The pause function has to be used at the beginning of the next round (during the freeze time). The player has to announce the reason before or immediately after he paused the match. If no reason is given, the opponent may unpaused the game and continue playing. Unpausing or pausing the game without any reason will lead to penalty points.

### **8.3 Player Settings**

#### 8.3.1 Configuration / Startparameters

The following commands are forbidden:

- mat\_hdr\_enabled

The following startparameters are forbidden:

- +mat\_hdr\_enabled 0/1
- +mat\_hdr\_level 0/1/2

All other configuration changes are allowed as long as they do not give an unfair edge or advantage comparable to cheating. A player may be penalized for wrong settings in any config file, regardless if it is in use, or even stored in the game folder in question.

Wrong settings will be penalized with two (2) minor penalties per value and player, but per match a team cannot get more than six (6) minor penalties. If three or more players have wrong settings the team will get a default loss.

Admins may under special circumstances decide on a default loss, even if less than three (3) players have wrong settings.

Forbidden scripts will be penalized with two (2) minor penalties per value and player, but per match a team can not get more than six (6) minor penalties. If three or more players have wrong settings the team will get a default loss. Admins may under special circumstances decide on a rematch, even if less than three (3) players have forbidden scripts.

## **8.4 Server**

### 8.4.1 Server Settings

All servers that are to be used for an ESL UK Premiership match must have the official settings loaded as well as the map-pool installed. Additional to that the server must have the following settings:

- ESL Settings
- VAC enabled
- sv\_pure 1

The team providing the server is responsible for making sure that the server has all the necessary components required. However with the start of the match both teams agree on the settings as well as the map version. If possible wrong settings have to be changed after

the start of the match if there is no big disadvantage for one of the teams. All matches should be played on ESL servers if they are available. All servers must be from the United Kingdom, unless stated otherwise by the tournament administration team.

#### 8.4.2 Server Plugins

No extra plug-ins are allowed to be installed on the server, especially gameplay mods such as metamod are not allowed. The only exception is the official ESL Plugin for CS:GO.

### **8.5 Use of Bugs and Glitches**

The intentional use of any bugs, glitches, or errors in the game are penalized with six (6) minor penalty points per incident, up to a maximum of eighteen (18) minor penalty points per match. Furthermore, it is up to the admins discretion whether or not the use of said bugs had an affect on the match, and whether or not he will award rounds, or the match to the opposing team, or to force a rematch. In extreme cases, the penalty for abusing bugs may be even higher. The usage of the following bugs is strictly forbidden, if any bug is used which is not listed here it is up to the admins discretion whether or not a punishment is necessary.

#### 8.5.1 Warm-up – map check

Bugs on load have to be checked before the match starts (missing boxes, ladders and so on). Failure to do so, and to let the match start, will mean that both teams have accepted the state the map is in, and the match will be continued under these settings. Protests and complaints regarding to such issues will not be adhered to.

#### 8.5.2 During the match

- Moving through any walls, or ceilings, are strictly forbidden, also moving through the floor, or anywhere else which were not intended to be a passage is strictly forbidden.
- “Silent planting“ is strictly forbidden (planting the bomb in such a way that no one can hear the beeping).
- To plant the bomb where it is impossible to reach is disallowed. Planting the bomb in a place that you can reach with a boost from a teammate is not part of this rule.
- Standing on top of teammates is generally allowed, it is only forbidden, when such actions allow the player to peek over a wall, or ceiling that should not be allowed according to map design.
- Using flash bugs are strictly forbidden.
- Throwing grenades under walls are forbidden, although throwing grenades and flashes over walls are allowed.
- “Map swimming” or “floating” is forbidden.
- “Pixel walking” is forbidden (Sitting, or standing on invisible edges on the map).

- Defusing the bomb through walls and items etc.
- So called “surfing” on tubes.
- So called “fireboost”.

The administration team reserves the right, also retroactively, to add more bugs to the list of explicitly allowed bugs.

#### 8.5.4 New Positions

If any player or team wants to use a new position which is unknown to anyone else or just known to a small part of the community, it's strongly recommended to contact tournament officials to check if that position is allowed before using it in any official match. Players and teams have to consider that it takes time to check new positions and therefore they have to contact tournament officials in a reasonable timeframe before an official match.
